

## Why you should enroll now:

Through affordable payroll deductions, enrollment in Cancer Guardian can help you prevent and manage cancer more effectively.

### The Cancer Guardian program includes these valuable features and benefits:

#### CANCER SUPPORT SPECIALISTS

- 1 The Cancer Information Line is available to you and your immediate family members at any time. **Day 1 Benefit**
- 2 If you are diagnosed with cancer, we assign a dedicated Cancer Support Specialist to support you through your cancer journey and enhance your healthcare literacy.

Additionally, Cancer Guardian provides:

- Financial Navigation
- Clinical Trial Explorer
- Second Opinion Pathology Review
- On-Site Nurse Advocate (one visit)
- Curated Information

#### MEDICAL RECORDS PLATFORM

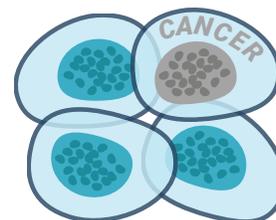

The healthcare system is fragmented and consolidated medical data can be difficult to access.

Cancer Guardian enrollees benefit from a member-centered, secure HIPAA compliant, cloud-based platform allowing participants to organize, view, and share their medical data in an easy and manageable format. **Day 1 Benefit**

#### ADVANCED DNA TESTING

- 1 **Preventive: Hereditary Risk Screening Test**  
This testing gives you insight into your genetic risk for hereditary cancers. **Day 1 Benefit**
- 2 **Post Diagnosis: Advanced DNA Testing of the Cancer**  
If you are diagnosed with cancer, we provide fully-funded access to up to three\* Advanced DNA Tests, which can help your doctor identify the most effective treatment options.

**These services are not typically made available or covered by health insurance.**

**Family Follow-Up Testing:** A family follow-up testing program is offered to first degree blood relatives of members who have a positive result on their hereditary genetic test. This lab testing is free and must be ordered by a physician. The associated costs of medical services for relatives to acquire the test are not covered by Cancer Guardian.

After your program effective date, you will receive a **Welcome Email** with links and instructions to access your program services.
